COLORED PAY HALF PRAISES THE CREOLE SYSTEM

STANFORD, N. C., July 14.—Chas. H. Moore, State director of Colored schools, says that in 23 counties of the State, Colored people have contributed for building new school houses for their children the sum of \$24,147.76, more than \$100,000 in the 48 months covered by the \$40,000 for the same purpose. It means that the Colored people of 23 counties have voluntarily contributed, in addition to their regular taxes, an amount almost equal to that appropriated from the public funds to build school houses for their race.

NAT'L CONFERENCE OF SOCIAL WORKERS MEET AT ATLANTIC C.

By Associated Negro Press.
Many Negroes Take Part And Discuss Subjects Concerning the Negro in America

ATLANTIC CITY, July 14.—Among the delegates to the annual National Conference of Social Workers were many Negro men and women. They met with white delegates, and conferred with them on matters of common interest as well as upon those of particular importance to the Negroes.

One of the interesting features at a meeting devoted to a discussion of the Negro problem was the statement of a white woman from Atlanta, Ga., that, in that part of the State, the Negro was coming to be his own master. He was being provided with better educational facilities and was able to go into business or to work on the same terms as white men.

A white man, a native of South Carolina, who had been in Chicago for six years, said that, on his return he had found that a Negro had been appointed to the position of county clerk. The Negro had said that what the Negro of the South wanted was an education, and that from the pulpit against lawlessness; no taxation without representation; abolition of lynchings; robbery in the case of school funds; the removal of discrimination such as that the Negro encountered in traveling.

Many delegates protested vehemently against segregation of any sort. One said it was worse than prison. In the North, for while the South, contrary to the general opinion, does not understand the Negro, it often has an affection for him. In sections housing conditions were complained of. Negroes are compelled to live in discomfort and worse because they are not admitted to good neighborhoods. They want education to the schools, to the settlements, to the neighborhood club houses on the same conditions as the whites of varying nationalities. They want to work on equal terms with the whites.

BOSTON ORGANIZES BRANCH OF 'LEAD DEBACCHERY'

By Associated Negro Press.
BOSTON, Mass., June 14.—The League of Democracy, an organization formed for the purpose of keeping alive the military spirit of the Negro Race for action for military training in more and more soldiers for fighting for colored officers for all armed forces of the republic, and making a determined and intelligent fight to have any achievements of colored military men in the past, fair and unprejudiced record in all history used in the schools of the Republic, organized a branch in this city last night. Officers elected are former officers and men of colored units who participated in the war.

Objects and purposes of the league, which is being organized in many cities, are set forth in a pamphlet sent out from the New York branch. The headquarters of the organization, while formed originally to aid the former soldiers, the league, since the war, has been active in the city. Its members, will make itself active in all affairs affecting the welfare of colored citizens. To quote the pamphlet, the league "stands unswervingly, unprejudiced and uncompromisingly for the rights of justice in the courts, substantial freedom and equal status and opportunity. Now, existing in the league will neither prevent nor embarrass local white and colored organizations of veterans of the World War."

Says Government Insurance Is Invaluable to Negroes.

WASHINGTON, D. C.,—Discharged Negro soldiers and sailors, who served Uncle Sam in the world war, have begun to realize the value of their government insurance, according to Louis A. Williams, Clinton, a former officer of the famous Buffalo regiment, which made history in France and now the representative of the "freed fighting men" in the Bureau of War Risk Insurance. In speaking of the colored service men's insurance, Lieutenant Williams said:

"Discharged soldiers and sailors of my race, are taking advantage of the new and better reinstatement provision for insured war risk veterans. In this provision the soldiers and sailors can retain their insurance even after having made no monthly payments for insurance for a year or more from the date of discharge."

"I am glad that the Negro soldier and sailor are appreciating the value of Uncle Sam's insurance because it is the lowest cost and safest insurance obtainable. Before we take them to advantage of this insurance, has been many a young man in the line of organizations of all kinds interested in welfare work among colored soldiers and sailors."

COLORED VETERANS NAME POST AFTER JULIUS REESE EUROPE

WASHINGTON, D. C., July 14.—United Nations Home Bureau Post No. 1, the first colored post of its kind in the world to be organized in Europe at the American Legion, organized and named after Julius Reese, a Negro soldier who died in France. The post has at the present time twenty-five members.

MISS LELIA JOHNSON

Dear Miss E. Scott:
This is to show my appreciation for the wonderful results obtained from the Creole System of Hair Dressing.
